Wait for the car to pull out before you cross!

This warehouse seems out-of-place here.

There are a lot of cars on this street... is it safe for kids to play here?

Does the urban configuration of Bloomfield determine the **pedestrian culture** around the Waldorf School? **Is it safe?**

Bloomfield is generally known as a safe neighborhood, but the **amount of cars** and **presence of warehouses** and **graffiti culture** do concern parents on their children's safety once outside Waldorf's walls.
